---

## Calendar Information

{{ su.calendar.events( how\_many ) }}

Each event contains the following properties:

{{ event.id }}
{{ event.title }}
{{ event.description }}
{{ event.start }}
{{ event.end }}
{{ event.location }}
{{ event.isAllDay }}

---

## Request Information

```
{{ su.request.path }}
{{ su.request.protocol }}
{{ su.request.serverName }}
{{ su.request.url }}
```

---

## Includes

```
{% include "partial/file.html" %}
{{ su.theme.css("offcanvas.css") }}
{{ su.theme.js("offcanvas.js") }}
```

Include a file into a layout.  
Include into the page header.

---

## Global / Theme Customizer

```
{{ su.footer }}
{{ su.theme.config( "accentColor" ) }}
{{ su.theme.config( "backgroundColor" ) }}
{{ su.theme.config( "showAuthor" ) }}
{{ su.theme.config( "showPublishedDate" ) }}
{{ su.theme.config( "showUpdatedDate" ) }}
```

Show author.  
Show page published date.  
Show page updated date.

---

## Private Label (example)

```
{% if su.misc.privatelabel != "su" %}
    
{% endif %}
```

---

## Global.less (example)

```
#body {
  color: @bodyColor;
  font: 300 11pt/1.375em @font;
  .theme-image-fill(@config-backgroundImage; 2400px; 2400px);
  background-repeat: no-repeat;
  background-position: fixed;
  background-size: cover;
}
```

---

## Navigation (example)

```
{% for nav in su.site.navigation %}
  <a href="{{ nav.url }}" target="{{ nav.target }}">{{ nav.name }}</a>
  {% if loop.index is divisible by(3) %}
    <span class="hidden-sm"><br></span>
  {% elseif loop.last %}
  {% else %}
    <span class="hidden-sm"> | </span>
  {% endif %}
{% endfor %}
```

---

## Breadcrumbs (example)

```
{% for crumb in su.page.breadcrumbs %}
  {% if loop.last %}<span class="breadcrumbs-last"><span class="separator">></
span>{{ crumb.title }}</span>
  {% else %}<span class="separator">></span><a class="breadcrumbs"
href="{{ crumb.url }}">{{ crumb.title }}</a>
  {% endif %}
{% endfor %}
```

---

## Social Media Links (example)

```
{% for social in su.social %}
  <a class="circle" href="{{ social.url }}" target="_blank"><i class="{{ social.icon }}"></i></a>
{% endfor %}
```

---

## Share Button (example)

```
{% set sharelinks = su.page.sharelinks %}
{% if sharelinks %}
  <button type="button">Share <span class="caret"></span></button>
  <ul class="dropdown-menu">
    {% for sharelink in sharelinks %}
      <li><a href="{{ sharelink.url }}"><span class="{{ sharelink.icon }}"></span>
{{ sharelink.title }}</a></li>
    {% endfor %}
  </ul>
{% endif %}
```

---

## Collections - carousel loop (example)

```
{% block hero %}
  <div class="jumbotron no-print">
    <div class="row">
      <div class="col-sm-12 inner-wrapper">
        <div id="carousel_main" class="carousel slide">
          {% set carousel_items =
su.collection("organicHome").find() %}
          <ol class="carousel-indicators">
            {% for carousel_item in carousel_items %}
              <li data-target="#carousel_main" data-slide-
to="{{ loop.index0 }}" {% if loop.index0 == 0 %} class="active" {% endif %}></li>
            {% endfor %}
          </ol>
          <!-- Carousel items -->
          <div class="carousel-inner">
            {% for carousel_item in carousel_items %}
              <div class="item" {% if loop.index0 == 0 %} active {%
endif %}>
                {% if carousel_item.url %}
                  <a class="carousel_item_link"
href="{{ carousel_item.url }}" title="{{ carousel_item.Title }}" {% if carousel_item.url_target %}
target="_blank" {% endif %}>
                    {% endif %}
                    
                    {% if carousel_item.url %}
                      <a>
                        {% endif %}
                      </div>
                    {% endfor %}
                  </div>
                <!-- Carousel nav -->
                <a class="carousel-control left" href="#carousel_main"
data-slide="prev">&lsaquo;</a>
                <a class="carousel-control right" href="#carousel_main"
data-slide="next">&rsaquo;</a>
              </div>
              <div class="frame"></div></div>
            </div>
          </div>
        </div>
      </div>
    </div>
  </div>
{% endblock %}
```
